Public Officials Liability for Special Service Districts

Submissions can be sent to our experts at **ThinkProPlus@chris-leef.com**

What is a special service district?

A special service district is a governmental entity created to provide a specialized service in a community. The district is established under the authority of a state's statutes with the board either elected by a public vote or appointed by government to govern the districts operations. Chris-Leef can help you find coverage for public officials liability with a product that is tailored for special service districts or non-profits with elected or appointed officials.
